

GOALS

To achieve the Mission and Vision Statements, Northeastern State University has established the following five goals. Executive officers of the University, in collaboration with the Strategic Planning* Committee, will implement and monitor the NSU Strategic Plan*. The Strategic Plan will be implemented in conjunction with the comprehensive Campus Master Plan.

- I Provide a quality curricular and co-curricular* education in a flexible student-centered* environment
- II Attract, develop, and retain highly-qualified people who will best serve the University community
- III Develop and expand mutually beneficial relationships with all University stakeholders including cross-university interactions, collaborative educational ventures, economic development initiatives and cultural enrichment
- IV Create and provide quality and effective programs, services, facilities and technological resources to advance the mission of the University
- V Increase available resources through coordinated, campus-wide advancement activities
